

Specification

Technical Data Sheet

Product Name	Lead(II) fluoride
---------------------	-------------------

Product No	28345870
-------------------	----------

CAS Number	7783-46-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	245.20
-------------------------	--------

Specification

Appearance	White to beige powder
-------------------	-----------------------

Identification	Conforms to reference
-----------------------	-----------------------
