

Specification

Technical Data Sheet

Product Name	o-Tolidine dihydrochloride
---------------------	----------------------------

Product No	30152913
-------------------	----------

CAS Number	612-82-8
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	285.22
-------------------------	--------

Specification

Appearance	White to light brown
-------------------	----------------------

Identification	Conforms to reference
-----------------------	-----------------------

Melting Point	c.a. 300°C
----------------------	------------

Assay	≥ 95.0%
--------------	---------

Solubility	Clear colourless solution, 1% aq.
-------------------	-----------------------------------
