

Specification

Technical Data Sheet

Product Name	Indole-5-carboxaldehyde (5-Formylindole)
---------------------	--

Product No	30863317
-------------------	----------

CAS Number	1196-69-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	145.16
-------------------------	--------

Specification

Appearance	Orange to tan powder
-------------------	----------------------

Melting Point	98 - 103°C
----------------------	------------

Purity (HPLC)	≥ 98.0%
----------------------	---------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------
