

Specification

Technical Data Sheet

Product Name	Potassium hexacyanocobaltate (III)
---------------------	------------------------------------

Product No	31759507
-------------------	----------

CAS Number	13963-58-1
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	332.33
-------------------------	--------

Specification

Appearance	Light yellow crystal powder
-------------------	-----------------------------

Fe	≤0.005%
-----------	---------

SO4	≤0.02%
------------	--------

Alkalinity meq/g	≤0.15
-------------------------	-------

Assay	≥98%
--------------	------

Free cyanide	≤0.01%
---------------------	--------

Substance insoluble	≤0.001%
----------------------------	---------
