

Specification

Technical Data Sheet

Product Name	Sodium hexanitritocobaltate(III)
---------------------	----------------------------------

Product No	32138503
-------------------	----------

CAS Number	13600-98-1
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	403.94
-------------------------	--------

Specification

Appearance	Yellow to Orange powder
-------------------	-------------------------

SO4	≤0.02%
------------	--------

Assay (Co)	13.5% ~ 14.5%
-------------------	---------------

Water insoluble matter	≤0.05%
-------------------------------	--------
