

Specification

Technical Data Sheet

Product Name	Titanium(IV) isopropoxide
---------------------	---------------------------

Product No	33520313
-------------------	----------

CAS Number	546-68-9
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	284.22
-------------------------	--------

Specification

Appearance	Liquid
-------------------	--------

Molecular Weight	284.22
-------------------------	--------

Storage Temperature	+20°C
----------------------------	-------

Density	0.950 to 0.965
----------------	----------------

Assay(Ti)	16.6% to 16.9
------------------	---------------
