

Specification

Technical Data Sheet

Product Name	Methylthymol Blue sodium salt
---------------------	-------------------------------

Product No	33734389
-------------------	----------

CAS Number	1945-77-3
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	844.74
-------------------------	--------

Specification

Appearance	Powder
-------------------	--------

Loss on Drying	≤10.0%
-----------------------	--------

Clarity of Solution	Passes test
----------------------------	-------------

Visual Transition Interval	From pH 6.5
-----------------------------------	-------------
