

Specification

Technical Data Sheet

Product Name	Sodium hydroxide 10M aqueous solution
---------------------	---------------------------------------

Product No	34169776
-------------------	----------

CAS Number	1310-73-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	39.997
-------------------------	--------

Specification

Appearance	Clear, colourless liquid
-------------------	--------------------------

Chloride	≤5 ppm
-----------------	--------

Endotoxin Concentration (EU/mL)	≤2.0 ppm
--	----------

Normality	9.9-10.1
------------------	----------

Sodium carbonate (Na₂CO₃) %	≤0.6%
--	-------

Trace Impurities - Iron (Fe)	≤0.5 ppm
-------------------------------------	----------

Heavy Metal (as Pb)	≤1 ppm
----------------------------	--------
