

Specification

Technical Data Sheet

Product Name	Sodium diethyldithiocarbamate trihydrate
---------------------	--

Product No	34513940
-------------------	----------

CAS Number	20624-25-3
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	225.31
-------------------------	--------

Specification

Appearance	White to off-white powder
-------------------	---------------------------

Melting Point	92.0 - 102.0°C
----------------------	----------------

Assay	≥ 99.0%
--------------	---------

Water Content	-
----------------------	---

Identification (IR)	Conforms to reference
----------------------------	-----------------------
