

Specification

Technical Data Sheet

Product Name	alpha-Chloralose 98%
---------------------	----------------------

Product No	34621612
-------------------	----------

CAS Number	15879-93-3
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	309.53
-------------------------	--------

Specification

Appearance	Off-white powder
-------------------	------------------

Melting Point	178 - 182 Deg C
----------------------	-----------------

Assay	98% min
--------------	---------

Optical Rotation	+15 to +19
-------------------------	------------
