

Specification

Technical Data Sheet

Product Name	De-Ionised Distilled Water
---------------------	----------------------------

Product No	34750941
-------------------	----------

CAS Number	7732-18-5
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	18.02
-------------------------	-------

Specification

Appearance	Colourless Transparent Liquid
-------------------	-------------------------------

pH	-
-----------	---

Calcium Carbonate (CaCO₃)	≤1.0 mg/l
---	-----------

Chloride (Cl)	≤0.1 mg/l
----------------------	-----------

Clarity	≤1.0 FTU
----------------	----------

Conductivity	-
---------------------	---

Fluoride (F)	≤0.1 mg/l
---------------------	-----------

Specification

Silica	≤ 0.1 mg/l
---------------	-----------------

Sulphate	≤ 0.1 mg/l
-----------------	-----------------

Sulphites	≤ 0.1 mg/l
------------------	-----------------

TACC @ 22°C	≤ 1.0 cfu/ml
--------------------	-------------------

TACC @ 37°C	≤ 1.0 cfu/ml
--------------------	-------------------

Calcium (Ca)	≤ 1.0 mg/l
---------------------	-----------------

Magnesium (Mg)	≤ 0.05 mg/l
-----------------------	------------------

Sodium (Na)	≤ 0.05 mg/l
--------------------	------------------
