

Specification

Technical Data Sheet

Product Name	Diphenylamine-4-sulfonic acid sodium salt
---------------------	---

Product No	34781230
-------------------	----------

CAS Number	6152-67-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	271.27
-------------------------	--------

Specification

Appearance	Powder
-------------------	--------

Cl	<0.5%
-----------	-------

Residue on Ignition	26%
----------------------------	-----

Sulfate	<0.5%
----------------	-------
