

Specification

Technical Data Sheet

Product Name	4-Chlorophenylacetic acid
---------------------	---------------------------

Product No	34940471
-------------------	----------

CAS Number	1878-66-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	170.59
-------------------------	--------

Specification

Appearance	White crystal
-------------------	---------------

Melting Point	104 - 106 °C
----------------------	--------------

Water	≤ 0.2%
--------------	--------

Content	≥ 99%
----------------	-------
