

Specification

Technical Data Sheet

Product Name	N-Chlorosuccinimide
---------------------	---------------------

Product No	35585453
-------------------	----------

CAS Number	128-09-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	133.53
-------------------------	--------

Specification

Appearance	White to off white crystal powder
-------------------	-----------------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Active chlorine	$\geq 25.0\%$
------------------------	---------------

Assay	$\geq 98.0\%$
--------------	---------------
