

Specification

Technical Data Sheet

Product Name	2,2'-Biquinoline-4,4'-dicarboxylic acid dipotassium salt hydrate
---------------------	--

Product No	35689985
-------------------	----------

CAS Number	63451-34-3
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	438.515
-------------------------	---------

Specification

Appearance	Off white powder
-------------------	------------------

Identification	Conforms to reference
-----------------------	-----------------------

Assay HPLC	≥98%
-------------------	------
