

Specification

Technical Data Sheet

Product Name	3,5-Dimethylpyrazole
---------------------	----------------------

Product No	35691665
-------------------	----------

CAS Number	67-51-6
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	96.13
-------------------------	-------

Specification

Appearance	Off white powder
-------------------	------------------

Melting Point	108 - 109 Deg C
----------------------	-----------------

Content	>99.5% HPLC
----------------	-------------

Moisture	<0.5%
-----------------	-------
