

Specification

Technical Data Sheet

Product Name	Quinoline-5-boronic acid
---------------------	--------------------------

Product No	36869832
-------------------	----------

CAS Number	355386-94-6
-------------------	-------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	172.98
-------------------------	--------

Specification

Appearance	Light-yellow solid
-------------------	--------------------
