

Specification

Technical Data Sheet

Product Name	Lysozyme, CEW
---------------------	---------------

Product No	36917442
-------------------	----------

CAS Number	9001-63-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	2235.6
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Water	$\leq 8.0\%$
--------------	--------------

Active Matter	$\geq 20.000\text{iu/mg}$
----------------------	---------------------------

Enzyme Activity	$\geq 20.000\text{iu/mg}$
------------------------	---------------------------

The assay of Escherichia coli	$\leq 30\text{MPN/g}$
--------------------------------------	-----------------------

Total bacterial assay	$\leq 50000\text{CFU/g}$
------------------------------	--------------------------

Arsenic (As)	$\leq 3.0\text{mg/kg}$
---------------------	------------------------

Specification

Lead (Pb)

$\leq 5.0\text{mg/kg}$
