

# Specification

## Technical Data Sheet

<b>Product Name</b>	Niacinamide-N-oxide
---------------------	---------------------

<b>Product No</b>	37334310
-------------------	----------

<b>CAS Number</b>	1986-81-8
-------------------	-----------

<b>Storage Temperature</b>	Ambient
----------------------------	---------

<b>Molecular Weight</b>	138.13
-------------------------	--------

### Specification

<b>Appearance</b>	white solid
-------------------	-------------

<b>Melting Point</b>	291-293 °C (dec.) (lit.)
----------------------	--------------------------

<b>Assay</b>	≥98%
--------------	------

<b>Moisture</b>	≤0.5%
-----------------	-------

<b>Residue on Ignition</b>	≤0.5%
----------------------------	-------
