

Specification

Technical Data Sheet

Product Name	DL-Panthenol
---------------------	--------------

Product No	41027803
-------------------	----------

CAS Number	16485-10-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	205.25
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Heavy metals	≤10ppm
---------------------	--------

Identification	Conforms to reference
-----------------------	-----------------------

Loss on Drying	≤0.5%
-----------------------	-------

Melting Point	64.5 - 68.5°C
----------------------	---------------

Assay	99 - 102%
--------------	-----------

Optical Rotation	-0.05 to +0.05°
-------------------------	-----------------

Specification

Residue on Ignition $\leq 0.1\%$

Aminopropanol $\leq 0.1\%$
