

Specification

Technical Data Sheet

Product Name	4-Chloro-2-nitrophenol
---------------------	------------------------

Product No	41119611
-------------------	----------

CAS Number	89-64-5
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	173.55
-------------------------	--------

Specification

Appearance	Yellow crystals
-------------------	-----------------

Ash Content	≤0.1%
--------------------	-------

Melting Point	85-90°C
----------------------	---------

Water	≤0.5%
--------------	-------

Assay (HPLC)	≥98%
----------------------	------
