

Specification

Technical Data Sheet

| | |
|---------------------|---------------------|
| Product Name | N-Methylformanilide |
|---------------------|---------------------|

| | |
|-------------------|----------|
| Product No | 41975309 |
|-------------------|----------|

| | |
|-------------------|---------|
| CAS Number | 93-61-8 |
|-------------------|---------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 135.16 |
|-------------------------|--------|

Specification

| | |
|-------------------|------------------------|
| Appearance | Primrose Yellow liquid |
|-------------------|------------------------|

| | |
|-----------------------|-----------------------|
| Identification | Conforms to reference |
|-----------------------|-----------------------|

| | |
|--------------|---------------|
| Assay | $\geq 99.0\%$ |
|--------------|---------------|

| | |
|-----------------------|--------------|
| Other Impurity | $\leq 0.2\%$ |
|-----------------------|--------------|

| | |
|-----------------------------------|--------------|
| N,N-dimethyl aniline assay | $\leq 0.4\%$ |
|-----------------------------------|--------------|

| | |
|-------------------------------|--------------|
| n-methyl aniline assay | $\leq 0.4\%$ |
|-------------------------------|--------------|
