

Specification

Technical Data Sheet

Product Name	4-Nitro-o-phenylenediamine
---------------------	----------------------------

Product No	42675126
-------------------	----------

CAS Number	99-56-9
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	153.14
-------------------------	--------

Specification

Appearance	Red powder
-------------------	------------

Melting Point	198-205°C
----------------------	-----------

Purity (HPLC)	97-100%
----------------------	---------

2,4-Dinitroaniline	≤1%
---------------------------	-----
