

Specification

Technical Data Sheet

Product Name	S(+)-Propylene glycol
---------------------	-----------------------

Product No	43121408
-------------------	----------

CAS Number	4254-15-3
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	76.09
-------------------------	-------

Specification

Appearance	Clear colorless to yellow transparent liquid
-------------------	--

Identification	Conforms to reference
-----------------------	-----------------------

(R)-Isomer	Not more than 1.0%
-------------------	--------------------

Purity (GC)	Not less than 98.0%
----------------------	---------------------

Water (by K.F.)	Not more than 1.0%
------------------------	--------------------
