

Specification

Technical Data Sheet

Product Name	Zirconium(IV) acetylacetonate
---------------------	-------------------------------

Product No	43317452
-------------------	----------

CAS Number	17501-44-9
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	487.66
-------------------------	--------

Specification

Appearance	White crystal
-------------------	---------------

Melting Point	171 - 175 °C
----------------------	--------------

Assay	≥99.0%
--------------	--------

Carbon Content	49.36%
-----------------------	--------

Zirconium	18.5% to 18.7%
------------------	----------------
