

Specification

Technical Data Sheet

Product Name	Copper (II) acetate monohydrate
---------------------	---------------------------------

Product No	45431130
-------------------	----------

CAS Number	6046-93-1
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	199.65
-------------------------	--------

Specification

Appearance	Blue-green powder
-------------------	-------------------

Assay	≥98.0%
--------------	--------

Chloride (Cl)	≤0.05%
----------------------	--------

Iron (Fe)	≤0.05%
------------------	--------

Non-sludging to hydrogen sulfide	≤0.5%
---	-------

Sulfate (SO₄)	≤0.10%
---------------------------------	--------

Water insoluble matter	≤0.20%
-------------------------------	--------

Specification

Lead (Pb): $\leq 0.05\%$

Nitrate (NO₃) $\leq 0.10\%$
