

Specification

Technical Data Sheet

Product Name	N-(2-Bromoethyl)phthalimide
---------------------	-----------------------------

Product No	46904189
-------------------	----------

CAS Number	574-98-1
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	254.08
-------------------------	--------

Specification

Appearance	White to cream crystalline powder
-------------------	-----------------------------------

Assay	<98% (GC)
--------------	-----------
