

Specification

Technical Data Sheet

Product Name	Eosin B (C.I. 45400)
---------------------	----------------------

Product No	48164504
-------------------	----------

CAS Number	548-24-3
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	624.06
-------------------------	--------

Specification

Appearance	Red to brown Powder
-------------------	---------------------

Loss on Drying	≤ 10.0%
-----------------------	---------

Absorption Ratio	0.96-1.22
-------------------------	-----------

Solubility	Clear red solution
-------------------	--------------------

Wavelength of maximum absorption	515.0-525.0nm
---	---------------
