

Specification

Technical Data Sheet

Product Name	Iron (III) acetylacetonate
---------------------	----------------------------

Product No	48428017
-------------------	----------

CAS Number	14024-18-1
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	353.17
-------------------------	--------

Specification

Appearance	Purple or Red/Dark Red powder
-------------------	-------------------------------

Fe	15.5 - 16
-----------	-----------

Melting Point	180 - 183 Deg C
----------------------	-----------------

Assay	>98%
--------------	------
