

Specification

Technical Data Sheet

Product Name	Diphenylacetic acid
---------------------	---------------------

Product No	48489711
-------------------	----------

CAS Number	117-34-0
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	212.24
-------------------------	--------

Specification

Appearance	White to light yellow crystal
-------------------	-------------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Loss on Drying	<1.0%
-----------------------	-------

Melting Point	145 - 149 Deg C
----------------------	-----------------

Assay	>98%
--------------	------

Related Substance	<1.0%
--------------------------	-------
