

Specification

Technical Data Sheet

Product Name	Metanil Yellow (C.I. 13065)
---------------------	-----------------------------

Product No	48668757
-------------------	----------

CAS Number	587-98-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	375.38
-------------------------	--------

Specification

Appearance	Orange/yellow powder
-------------------	----------------------

Strength	100%
-----------------	------
