

# Specification

## Technical Data Sheet

|                     |                             |
|---------------------|-----------------------------|
| <b>Product Name</b> | Cellulose acetate phthalate |
|---------------------|-----------------------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 50349243 |
|-------------------|----------|

|                   |           |
|-------------------|-----------|
| <b>CAS Number</b> | 9004-38-0 |
|-------------------|-----------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |         |
|-------------------------|---------|
| <b>Molecular Weight</b> | 2534.12 |
|-------------------------|---------|

### Specification

|                   |       |
|-------------------|-------|
| <b>Appearance</b> | Solid |
|-------------------|-------|

|                               |                       |
|-------------------------------|-----------------------|
| <b>Identification (RAMAN)</b> | Conforms to reference |
|-------------------------------|-----------------------|
