

Specification

Technical Data Sheet

Product Name	Tetrabutylammonium perchlorate
---------------------	--------------------------------

Product No	51556018
-------------------	----------

CAS Number	1923-70-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	341.91
-------------------------	--------

Specification

Appearance	White Powder
-------------------	--------------

Identification	Conforms to reference
-----------------------	-----------------------

Melting Point	211-215°C
----------------------	-----------

Assay	≥98.0%
--------------	--------

Water Content	≤0.8%
----------------------	-------
