

Specification

Technical Data Sheet

Product Name	6-Furfurylaminopurine (Kinetin)
---------------------	---------------------------------

Product No	54149620
-------------------	----------

CAS Number	525-79-1
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	215.21
-------------------------	--------

Specification

Appearance	White/ beige crystal
-------------------	----------------------

Loss on Drying	≤0.5%
-----------------------	-------

Melting Point	266 - 270 Deg C
----------------------	-----------------

Assay	≥98%
--------------	------

Residue on Ignition	≤0.1%
----------------------------	-------
