

Specification

Technical Data Sheet

Product Name	4-Hydroxyisophthalic acid
---------------------	---------------------------

Product No	54705828
-------------------	----------

CAS Number	636-46-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	182.13
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Loss on Drying	$\leq 0.5\%$
-----------------------	--------------

Purity (HPLC)	$\geq 99.0\%$
----------------------	---------------

Purity (Titration)	$\geq 99.3\%$
---------------------------	---------------

Solubility	Freely soluble in Methanol
-------------------	----------------------------

Sulfated ash	$\leq 0.2\%$
---------------------	--------------
