

Specification

Technical Data Sheet

Product Name	6-Chloro-3-indolyl-beta-D-galactopyranoside (Rose-gal)
---------------------	--

Product No	55098862
-------------------	----------

CAS Number	138182-21-5
-------------------	-------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	329.73
-------------------------	--------

Specification

Appearance	White Powder
-------------------	--------------

Purity	>97% (by tlc)
---------------	---------------

Water Content	<12%
----------------------	------

Storage <input type="checkbox"/>	Long term storage at -20 °C under Nitrogen. Protect from light and humidity. The product contains solvent of crystallisation (Ethyl acetate).
