

Specification

Technical Data Sheet

Product Name	Selenium, powder
---------------------	------------------

Product No	55557186
-------------------	----------

CAS Number	7782-49-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	78.96
-------------------------	-------

Specification

Appearance	Black powder
-------------------	--------------

Iron (Fe)	$\leq 0.01\%$
------------------	---------------

Sulphur (S)	$\leq 0.001\%$
--------------------	----------------

Tellurium (Te)	$\leq 0.01\%$
-----------------------	---------------

Copper (Cu)	$\leq 0.001\%$
--------------------	----------------

Lead (Pb)	$\leq 0.001\%$
------------------	----------------

Selenium (Se)	$\geq 99.0\%$
----------------------	---------------

Specification

Sodium (Na)

$\leq 0.001\%$
