

Specification

Technical Data Sheet

Product Name	Mercury (II) oxide red
---------------------	------------------------

Product No	56099385
-------------------	----------

CAS Number	21908-53-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	216.5894
-------------------------	----------

Specification

Appearance	Red/ orange powder
-------------------	--------------------

Loss on Drying	$\leq 0.5\%$ (105°C)
-----------------------	----------------------

Assay	$\geq 99.0\%$
--------------	---------------

Chloride (Cl)	$\leq 0.05\%$
----------------------	---------------

Residue on Ignition	$\leq 0.5\%$
----------------------------	--------------

Solubility in water	Insoluble in water
----------------------------	--------------------
