

Specification

Technical Data Sheet

Product Name	Methyl Violet 2B, certified
---------------------	-----------------------------

Product No	56375185
-------------------	----------

CAS Number	8004-87-3
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	393.95
-------------------------	--------

Specification

Appearance	Green crystalline powder with iridescent gleam
-------------------	--

Loss on Drying	10% max
-----------------------	---------

Absorption maximum (pH 6.5)	583-587nm
------------------------------------	-----------

Assay	75% min
--------------	---------
