

# Specification

## Technical Data Sheet

|                     |                                 |
|---------------------|---------------------------------|
| <b>Product Name</b> | Manganese(II) oxalate dihydrate |
|---------------------|---------------------------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 56972015 |
|-------------------|----------|

|                   |           |
|-------------------|-----------|
| <b>CAS Number</b> | 6556-16-7 |
|-------------------|-----------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 178.99 |
|-------------------------|--------|

### Specification

|                   |                            |
|-------------------|----------------------------|
| <b>Appearance</b> | White to light pink powder |
|-------------------|----------------------------|

|                   |                    |
|-------------------|--------------------|
| <b>Conclusion</b> | Up to the standard |
|-------------------|--------------------|

|                       |                       |
|-----------------------|-----------------------|
| <b>Identification</b> | Conforms to reference |
|-----------------------|-----------------------|

|           |         |
|-----------|---------|
| <b>Mn</b> | ≥ 30.0% |
|-----------|---------|
