

Specification

Technical Data Sheet

| | |
|---------------------|----------------------|
| Product Name | Potassium persulfate |
|---------------------|----------------------|

| | |
|-------------------|----------|
| Product No | 64364130 |
|-------------------|----------|

| | |
|-------------------|-----------|
| CAS Number | 7727-21-1 |
|-------------------|-----------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 270.32 |
|-------------------------|--------|

Specification

| | |
|-------------------|---------------------------------------|
| Appearance | White to off white crystalline powder |
|-------------------|---------------------------------------|

| | |
|-------------------------------------|---------------|
| Assay (iodometric titration) | 96.0% -104.0% |
|-------------------------------------|---------------|
