

Specification

Technical Data Sheet

Product Name	Aniline Blue (C.I. 42755)
---------------------	---------------------------

Product No	65036210
-------------------	----------

CAS Number	28631-66-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	737.73
-------------------------	--------

Specification

Appearance	Shiny brownish crystalline powder
-------------------	-----------------------------------

Dye Content	18.4 ml TiCl ₃ /gm
--------------------	-------------------------------

Spectroscopy	As per Biological Stain Commission
---------------------	------------------------------------
