

Specification

Technical Data Sheet

Product Name	Lead (II) chromate
---------------------	--------------------

Product No	65303641
-------------------	----------

CAS Number	7758-97-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	323.19
-------------------------	--------

Specification

Appearance	Yellow to orange powder
-------------------	-------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Assay	>98%
--------------	------
