

# Specification

## Technical Data Sheet

|                     |                                       |
|---------------------|---------------------------------------|
| <b>Product Name</b> | 2-Amino-6-purinethiol (6-Thioguanine) |
|---------------------|---------------------------------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 66238710 |
|-------------------|----------|

|                   |          |
|-------------------|----------|
| <b>CAS Number</b> | 154-42-7 |
|-------------------|----------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 167.19 |
|-------------------------|--------|

### Specification

|                   |                     |
|-------------------|---------------------|
| <b>Appearance</b> | Light yellow powder |
|-------------------|---------------------|
