**PRODUCT****2,3,Dimethylthiophene**

|                          |                                 |
|--------------------------|---------------------------------|
| <b>Product number</b>    | 66631084                        |
| <b>CAS number</b>        | 632-16-6                        |
| <b>Molecular formula</b> | C <sub>6</sub> H <sub>8</sub> S |
| <b>Molecular weight</b>  | 112.19 g/mol                    |

| PARAMETER             | SPECIFICATION           |
|-----------------------|-------------------------|
| <b>Appearance</b>     | Clear colourless liquid |
| <b>Assay</b>          | >99%                    |
| <b>Boiling Point</b>  | 141 - 142 Deg C         |
| <b>Identification</b> | Conforms to reference   |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

Molekula Ltd would like to thank you for your support of our products and service.
