

Specification

Technical Data Sheet

Product Name	Prednisolone acetate
---------------------	----------------------

Product No	68026409
-------------------	----------

CAS Number	52-21-1
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	402.48
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Melting Point	238 - 244°C
----------------------	-------------

Water Content (KF)	≤ 1.0%
---------------------------	--------

Identification (IR)	Conforms to structure
----------------------------	-----------------------
