

# Specification

## Technical Data Sheet

|                     |               |
|---------------------|---------------|
| <b>Product Name</b> | Dotriacontane |
|---------------------|---------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 68080396 |
|-------------------|----------|

|                   |          |
|-------------------|----------|
| <b>CAS Number</b> | 544-85-4 |
|-------------------|----------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 450.87 |
|-------------------------|--------|

### Specification

|                   |             |
|-------------------|-------------|
| <b>Appearance</b> | White solid |
|-------------------|-------------|

|                      |           |
|----------------------|-----------|
| <b>Melting Point</b> | 68 - 69°C |
|----------------------|-----------|

|              |       |
|--------------|-------|
| <b>Assay</b> | ≥ 95% |
|--------------|-------|
