

Specification

Technical Data Sheet

Product Name	Copper (II) sulfate anhydrous
---------------------	-------------------------------

Product No	69819741
-------------------	----------

CAS Number	7758-98-7
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	159.61
-------------------------	--------

Specification

Appearance	Very pale grey or blue powder
-------------------	-------------------------------

Assay	$\geq 98.0\%$
--------------	---------------

Elemental Iron (ICP)	$\leq 250\text{ppm}$
-----------------------------	----------------------

Elemental Lead(ICP)	$\leq 250\text{ppm}$
----------------------------	----------------------

Elemental Zinc (ICP)	$\leq 250\text{ppm}$
-----------------------------	----------------------
