

Specification

Technical Data Sheet

Product Name	L-(+)-Alaninol ((S)-(+)-2-Amino-1-propanol)
---------------------	---

Product No	70351463
-------------------	----------

CAS Number	2749-11-3
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	75.11
-------------------------	-------

Specification

Appearance	Colourless to yellow liquid
-------------------	-----------------------------

Specific rotation	+17.0°- +18.0°
--------------------------	----------------

Water	≤0.5%
--------------	-------

Individual Impurities	≤0.5%
------------------------------	-------

Purity (GC)	≥99.0%
----------------------	--------
