

Specification

Technical Data Sheet

Product Name	-Diisopropyl L-tartrate
---------------------	-------------------------

Product No	74973278
-------------------	----------

CAS Number	2217-15-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	234.25
-------------------------	--------

Specification

Appearance	Colourless oil like liquid
-------------------	----------------------------

Boiling Point	273 - 275 Deg C
----------------------	-----------------

Specific optical rotation	+17 +/-1
----------------------------------	----------

Assay GC	98% min
-----------------	---------
